

# ***How to Complete your EAP Health Clearance Form with UCSD Student Health Services (SHS)***

***Note: If you are going on an EAP program to Botswana, Ghana, India, Senegal, South Africa and Tanzania, you must complete your EAP Health Clearance at SHS.***

- 1. Obtain your immunization records from your parents, doctor or high school ASAP.** Either fax your records to 858-534-1910 or drop them off at Student Health Services. These will be reviewed during your health clearance visit at which time you can receive required immunizations or TB skin tests.
- 2. Visit Student Health Services online at:** <http://studenthealth.ucsd.edu/eap.shtml>. Select your country from the drop down list for complete instructions.

Depending on requirements, charges can vary, plus the cost of immunizations, if required. For costs, please visit: <http://studenthealth.ucsd.edu/costs.shtml>

***Appointments are scarce by the end of the quarter and some immunizations require a series given over multiple weeks, so make your appointments early. CLEARANCE APPOINTMENTS WILL NOT BE AVAILABLE AFTER THE END OF MAY OR DURING THE SUMMER SESSIONS.***

- 3. Mail the original and one copy of the signed Health Clearance Form to the address below.** UCEAP must receive them at least two months (60 days) before departure in order for you to participate in the program, except UCEAP Chile students. It is your responsibility to monitor the completion and submission of the Health Clearance Form to UCEAP by the designated deadline.

Send the original and a copy of your signed Health Clearance Form to:

University of California  
Education Abroad Program  
6950 Hollister Avenue, Suite 200  
Goleta, CA 93117

- 4. Keep a copy of the Confidential Health History Form and be sure to take it with you when you go abroad.** You will have the only copy of this form at the program site should you need medical attention. DO NOT send this to UCEAP.

**Students with Disabilities:** If you have any physical impairment, learning disability or other condition, for which you will be seeking accommodation abroad, you may have your campus Disabled Students Office send a memo to the University of California Education Abroad Program indicating the condition and your needs. Universities abroad will require this memo before special arrangements — i.e. granting extra time for tests, arranging for special facilities or assistance — can be considered.
