## SUMMER PROGRAMS IN FOCUS

### ITALY

LEARN MORE

LINEAR ALGEBRA IN ROME

Fulfill your linear algebra requirements over a summer and free up space in your schedule at UC to take other required classes. Complement your math course with an Italian culture elective on Ancient Roman Civilization or Italian Territory, Food, and Anthropology.

### SPAIN

LEARN MORE

PYTHON AND DATA SCIENCE

Learn data science basics and the Python programming language in the amazing setting of Madrid. Supplementing theoretical instruction, spend time in impact hubs and in collaboration with a local startup company. Open to all, you don't need to be a computer science major to participate!

### GERMANY

LEARN MORE

TECHNICAL UNIVERSITY SUMMER

Get both theoretical and practical, hands-on experience studying engineering, computer science, or other fields. Experience trips to companies and research facilities in Berlin, a city with a strong industrial-artsy feel. You will select one 2-week course and one 4-week course.

### HONG KONG

LEARN MORE

HONG KONG SUMMER, HKUST

Explore Hong Kong's rich history and heritage while taking classes in science, engineering, business, or social science. This international research university offers an affordable cost of living and a gateway for travel elsewhere in Asia once the term is completed.
