Submitting App Early

1. Limited Capacity Program
2. Applications open Nov. 1st
3. Apply early

GPA has changed from previous years!

Once you are nominated by your campus study abroad advisor you may complete the Exeter College application. The application link and instructions can be found in the Predeparture Requirements section of your UCEAP portal (**available after nomination**). The Exeter College Summer Programme operates a rolling admissions process, so early application is strongly recommended.

FINANCIAL NOTE (THIRD PARTY FEES): If you withdraw prior to March 1st you will not be responsible for any withdrawal fees. If you withdraw between March 2nd and April 30th you will be responsible for 50% of the total program fee (£3,300). If you withdraw after April 30th you will be responsible for 100% of the total program fee (£6,600). See Exeter College's cancellation policy [here](#). This is in addition to UCEAP withdrawal fees.

- During the application process at the University of Oxford, you are asked to provide an alternative course choice because courses may fill up quickly and/or some course combinations may be restricted due to timetabling constraints.
- Staff at Exeter College recommend that you select one course within your major and one course outside your major. This way, you can try something new, and you will have a more enriching academic experience.
- Most courses do not have prerequisites and are open to every student. Read the lecture course descriptions carefully and take time to choose wisely. To change a course after the beginning of the session requires a good reason and the agreement of the Academic Director.
- Exeter reserves the right to alter or cancel any course if an instructor becomes unavailable, or in the unlikely event of a course being undersubscribed. In these cases, however, everything will be done to find alternative instructors and/or suitable courses for you.

Application Process

- Academic Planning Form
- Submit app on BOTH portals
- Exeter College Application
