

Study Abroad in Chemistry and Biochemistry

Department of Chemistry and Biochemistry • York Hall • Room 4010 • <http://www->

Programs Abroad Office • International Center • Second Floor • <http://pao.ucsd.edu/>

"My time studying in Costa Rica was amazing. I learned a lot from the professors and my fellow students, but I learned as much outside the classroom as I did inside." –UCSD Chemistry Major

How to Make It Happen

- Start your journey by watching "First Steps" at pao.ucsd.edu
- Search for your perfect program at pao.ucsd.edu
- Meet with a Programs Abroad advisor to discuss your goals and plan your trip
- Search for courses that may fulfill Chemistry and/or Biochemistry & other requirements to add to your Academic Planning Form
- Meet with your Chemistry and/or Biochemistry & college

Plan early!

Begin planning at least 9 months and preferably a year or more in advance of your study abroad in order to stick to your graduation plans!

Study Abroad as a Chemistry/Biochemistry Major?

It's not just about gaining intercultural skills, or developing self-confidence and independence by travelling the world...

It's more than improving your resume portfolio with international experience, or gaining skills that will help you compete in a global workforce...

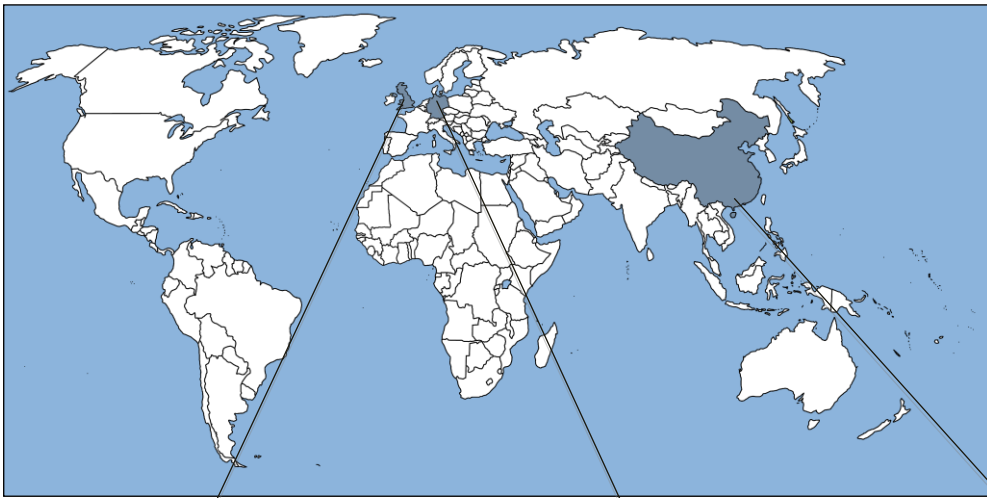

Study Abroad can allow for experiential learning within your academic plan as a **Chemistry/Biochemistry** major.

Study Abroad can increase your own self-awareness and contribute to your personal growth as a world citizen.

Study Abroad can foster civic engagement, broaden your horizons, and help you see the world through a different lens.

Make Study Abroad the best part of your UCSD experience!

Some highlighted programs...for more programs in Chemistry, see

P.R.I.M.E.

Topic:
Sciences
Program:
Research with Pacific Rim Undergraduate Experiences
Date: Summer

United Kingdom

Topic: Chemistry/Biochemistry
Program: University of Sussex
Date: Fall, Spring, Summer, Year
Info: eap.ucop.edu

Germany

Topic: Chemistry
Program: Internship with DAAD-RISE
Date: Summer
Info: www.daad.de/rise/

Hong Kong

Topic:
Biochemistry and Chemistry
Program:
Hong Kong University of Science & Technology, School of Science
Date: Fall/Year
Info: eap.ucop.edu

A Smart Investment

Finance your trip of a lifetime by using your campus financial aid package and applying for grants & scholarships through our **scholarship database** (pao.ucsd.edu)

Financial Aid

Students often apply their financial aid packages toward study abroad, and over half of UCSD's study abroad participants receive financial aid.

Scholarships

UCSD students were awarded about \$500,000 in study abroad scholarships last year, and the Programs Abroad Office offers workshops to help students prepare competitive scholarship essays.

The Journey Continues...

...and when you get back, the Programs Abroad Office can help you with:

The process of petitioning your courses for satisfying Chemistry and Biochemistry & academic requirements

Marketing your global experiences for resumes, applications, and interviews

Connecting you to a network of other Study Abroad returnees and prospective students at UCSD and throughout the world

Study Abroad:
If not now, when?
